

1 Warranty scope

1.1 Warranty conditions apply to the CE certified FORTEC Integrated monitor product lines.

2 Warranty

2.1 FORTEC Integrated grants a manufacturer warranty of two years from the date of delivery for the products mentioned in paragraph 1.

2.2 The performance of warranty claims shall cause neither an extension nor a restart of the warranty period.

2.3 During the warranty period, FORTEC Integrated shall correct product faults based on material or production defects. The warranty service is executed at FORTEC Integrated discretion through repair, replacement of defective parts or by exchanging a product for a product of equal quality without charging the customer for material or labour.

2.4 Warranty claims are only accepted, if FORTEC Integrated receives notification of a defective product within the warranty period and the product is presented to the FORTEC Integrated Service Centre together with all information as specified in the RMA process.

3 Warranty exclusions and limitations

3.1 This warranty does not apply to any defect for which FORTEC Integrated is not responsible and which include but are not limited to the following:

- Unauthorised opening or disassembling of the product
- Faulty maintenance by non-observation of maintenance instructions
- Inappropriate storage or cleaning of the product
- Unauthorised modification of the product
- Incorrect use or misuse
- Non-observation of operating and installation instructions
- Permanent display of fixed images (causing image retention or image sticking)
